Examples of Honors Programs – Professional Development
Special options this Academic Year

- 4TU Responsible sustainability challenge
- e/mtic honors programma

When interested:
mention this option in your application letter to your Graduate Program Director
4TU. RESPONSIBLE SUSTAINABILITY CHALLENGE

a 15 ECTS extracurricular programme for excellent Master students

Registration deadline: October 19 via Osiris code HA012

Extra information via this link.
e/MTIC Honors
bench to bedside

What?
- Hands-on 6-month project that takes data science research (bench) into clinical practice (bedside)
- Be part of a team of clinical and data science professionals
- Together with Philips and the Catharina hospital

Who?
Future master students from:
- EE (Care & Cure)
- BME (ME)

Why?
- Enable the adoption of cutting-edge data science in the real world
- Network and become part of the e/MTIC community
- Experience the clinical and business environment of e/MTIC

How?
Sign up to the TU/e honors program
And go to emtic.nl/honorsprogram for more information

Application for Honors Academy

You must prove to be motivated to take leadership in your own development.

• Application letter (deadline September 19) and a tentative plan for your professional development
• An interview (September 21-30)

Note: if you will apply for the Honors Academy, please keep the evening of October 6 free.

A motivated proposal for an additional internship can serve as an Honors Program activity.

| Session 1     | If it is meant to be, it’s up to me  
- What drives me? -                                                                                                                                                   | Reconnect to your dreams, Generative listening and dialogue                                                                      |
| Session 2     | Energize yourself  
- What do I need to be my best? -                                                                                                                                                      | Time and energy management  
Work-life balance                                                                                                               |
| Session 3     | The Golden Goose  
- What are my talents? -                                                                                                                                                       | Connect to your ambitions  
360º feedback                                                                                                                         |
| Session 4     | Your Mission statement  
- How to combine the above ? -                                                                                                                                                  | Goal- setting  
Mission Statement                                                                                                                |
| Part 2        | Application and prototyping                                                                                                                                                                                                  | Skills / results                                                                                                                |
| Session 5     | Win-win  
- How to create value? -                                                                                                                                                                                                         | Your added value  
Decision making                                                                                                               |
| Session 6     | One  
- How to focus and communicate? -                                                                                                                                                        | Networking  
Prototyping                                                                                                               |
| Session 7     | Inspire!  
- How to live my mission? -                                                                                                                                                        | Connect to your inspiration  
Prototyping                                                                                                                             |
| Session 8     | Go and live your dream  
- How to help others lead? -                                                                                                                                                | Know how to continue to develop yourself and facilitate others in the same process                                                  |
