

Y	Q	Code	Course name	Notes on phasing out of the course
2	1	4WBB0	Engineering Design	Phasing out of basic course TU/e.
		6A5X0	Advanced Thermodynamics and Kinetics	Phasing out after AY 2023/2024; 2 more attempts final exam in AY 2024/2025.
		6E2X0	Introduction to Polymer Chemistry and Technology	Phasing out after AY 2023/2024; 2 more attempts final exam in AY 2024/2025.
	2	6M3X0	Practical Organic Chemistry	Phasing out after AY 2023/2024; practical course; no extra attempts.
		6A6X0	Linear Algebra & Statistics	Phasing out after AY 2023/2024; 2 more attempts final exam in AY 2024/2025.
		6E5X0	Numerical Methods	Phasing out after AY 2023/2024; 2 more attempts final exam in AY 2024/2025 in case all assignments have been completed in AY 2022/2023; student can choose for the equivalent course 6BER03.
	3	6P2X0	Separation Technology	Phasing out after AY 2023/2024; 2 more attempts final exam in AY 2024/2025.
		6A7X0	Advanced Chemical Bonding and Electricity & Magnetism	Phasing out after AY 2023/2024; 2 more attempts final exam in AY 2024/2025.
		6E3X0	Macro Organic Chemistry	Phasing out after AY 2023/2024; 2 more attempts final exam in AY 2024/2025; extra attempts will be in Q2 and Q3 instead of Q3 and Q4; student can choose for the equivalent course 6BER02.
	4	6P3X0	Chemical Reactors	To be determined
		6M2X0	Inorganic Chemistry	Phasing out after AY 2023/2024; 2 more attempts final exam in AY 2024/2025.
		6E4X0	Physical Chemistry	Phasing out after AY 2023/2024; 2 more attempts final exam in AY 2024/2025.
		6E10X0	Practical Transport Phenomena	Phasing out after AY 2022/2023 ; practical course; no extra attempts.

3	1	6P4X0	Practical Process Technology	Phasing out after AY 2024/2025; course will be provided one additional iteration in academic year 2025/2026.
		6M4X0	Materials Science	Phasing out after AY 2024/2025; 2 more attempts final exam in AY 2025/2026.
	2	6I1X0	Energy	Phasing out after AY 2024/2025; 2 more attempts final exam in AY 2025/2026.
		6I2X0	DBL Energy	Phasing out after AY 2024/2025; DBL course; no extra attempts.
		6E6X0	DBL Molecules and Materials	Phasing out after AY 2024/2025; DBL course; no extra attempts.
	3	6E7X0	Topics in Molecules and Materials	Phasing out after AY 2023/2024 ; 2 more attempts final exam in AY 2024/2025; student can choose for the equivalent course 6BER04.
		6E8X0	Process Dynamics and Control	Phasing out after AY 2024/2025; 2 more attempts final exam in AY 2024/2025; extra attempts will be in Q1 and Q2 instead of Q3 and Q4; student can choose for the equivalent course 6BER07.
	4	6E9X0	Process Design	Phasing out after AY 2024/2025; "DBL" course; no extra attempts; student can choose for the equivalent course 6BER09.
