11-16 aug	Interim exams
24 aug	Registration closing date for courses Q1
1 sep	International exp. deadline B

*Time/location may vary depending on the situation at the time

COACHING AND ADVICE

As a TU/e student, you are responsible for your own study progress and we expect a pro-active attitude. Of course, we will help you when needed. Remember that AUBS provides **teacher coaches**. You can talk to the teacher coach about the specialization of your preference. With your teacher coach you can discuss e.g. career orientation and master specializations. In case you have questions regarding the curriculum, your study progress, or if there are personal circumstances, please contact the **Education & Student Affairs Office**. An appointment with the **academic advisor** can be made online (educationguide.tue.nl/guidance-and-development/who-to-contact/academic-advisor).

TO-DO LIST

- Update your planning in the PlanApp! (osirisplanapp.tue.nl) Verify if you have planned all your courses for year 3. Make sure your program complies with the requirements concerning coherent packages.
- View your personal timetable (via https://cloud.timeedit.net/nl_tue/web/stud01/).
- Register for courses and exams in OSIRIS.
- Invest some time in creating a resume and/or a portfolio of your work. You will need it if you want to go abroad or do an internship during your master.
- Consult the handouts on the Education Guide for the possibilities of an International Experience in your follow-up master. Contact the International Office (exchange.be@tue.nl) for additional information.
- Consider purchasing Adobe Creative Cloud Student (surfspot.nl/software).

& Building Sciences | Year 3

DEPARTMENT OF THE BUILT ENVIRONMENT

TU/e
EINDHOVEN
UNIVERSITY OF
TECHNOLOGY

Everything you need to know about your third year AUBS

The third year of AUBS is an exciting year! In the final year of the Bachelor program you will prepare for a master specialization with the Multi project and the Bachelor end project. Also, you continue with the remaining major courses, the electives from your coherent packages and/or USE-courses.

ELECTIVES AND USE

In the third year you continue with your electives from the coherent packages that you chose last year, your USE-trajectory and/or your free electives. This year there is room for 6 courses. Did you know you can also choose your free electives from all Bachelor College programs?

MULTI PROJECT: B, A & U COME TOGETHER

Year three starts with the Multidisciplinary project. You will work on a large project, in a team consisting of students from multiple disciplines. During two quartiles, you will explore the role of an architect, urban designer, structural engineer, building physicist, project developer, etc. It is the perfect chance to find out which (sub)discipline best fits your interests and ambitions.

BACHELOR END PROJECT AND FOLLOW-UP MASTER PROGRAMS

The Bachelor End Project is the last course before you can start a master program. During one semester (two quartiles) you will test yourself within one specific discipline. This gives you the opportunity to show your knowledge and skills, and find out which master specialization fits your interests and ambitions best.

During the third year you can orientate on our master programs of the TU/e Graduate School: Architecture, Building and Planning (ABP) and Construction Management and Engineering (CME). In November we will organize the Master Track Week, where we will give detailed information about the master programs. Already want to know more? Please check the Education Guide. (educationguide.tue.nl/programs/graduate-school/masters-programs/)

PROGRAM YEAR 3

Q1	Q2	Q3	Q4
7NN8X0 Multidisciplinary Project 1 ☆	7NN9X0 Multidisciplinary Project 2 ☆	7**X0 Bachelor End Project ☆	
7S4X0 Building Physics and Services Engineering ☆	7U9X0 Research and Statistics	Elective / USE	Elective / USE
Elective / USE	Elective / USE	Elective / USE	Elective / USE

■ Major course
■ Elective

Good to know:

- You can only start the Multi projects if you have completed the three or four mandatory B, A or U projects from the Major program of year 2.
- The Multi project consists of two parts which are graded separately.
- You can only start the Bachelor End Project (BEP) after completing the multi project. In case of delay you can also follow the BEP in Q1-Q2.

PROFESSIONAL SKILLS ☆

During the third year of AUBS, you will finish the integrated professional skills program. Remember that you need to pass the skill test(s) to pass the 'hosting' course.

Skill	Course
PRV Cooperation 3	7NN9X0
PRV Comm. Presentation 3	7NN8X0
PRV Comm. Writing 2	7S4X0
PRV Writing 3	BEP
PRV Reflection 3*	7NN9X0
PRV Planning & Organizing 2	7NN9X0
PRV Planning & Organizing 3	BEP
PRV Information Skills 3	BEP

* For this skill we also ask you to fill in course evaluations that will be sent to you by email.

BUILD YOUR OWN FUTURE

Your development at our university starts with creating your own course program, but did you know there is a lot more to choose from? Invest in your future and explore the great offer of extra-curricular activities:

- CHEOPS and its sub-associations organize workshops, excursions, lectures and leisure activities. Join a committee to meet new people, learn new skills, and have fun! (cheops.cc)
- Broaden your horizon at Studium Generale: lectures, debates, concerts, theatre, movies and more! (studiumgenerale-eindhoven.nl)
- Find career related activities and workshops on MyFuture (myfuture.tue.nl)

International experience?

You can already prepare for an international experience in your master. Consult the handouts for download on the Education Guide (educationguide.tue.nl/programs/graduate-school/masters-programs/architecture-building-and-planning/international-experience/). Contact the International Office (exchange.be@tue.nl) for additional information. Registration deadlines are:

- Sep 1** for semester B, 2024-2025
- Mar 1** for semester A, 2025-2026

Handy! Cut this folded page and use the calendar on the back side as a bookmark for your agenda.
