

## **Double diploma Master Industrial Design and Master Science Education**

As an ID Master student you can decide to combine your program with the Master Science Education (SE) at the Eindhoven School of Education. The Master Science Education is taught in Dutch and trains you to become a first-grade teacher for secondary schools in the Netherlands in one of the school subjects. The program is building on top of your expertise. In addition to theoretical courses, you gain pedagogical knowledge and skills. For more information:

<https://educationguide.tue.nl/programs/graduate-school/masters-programs/science-education/curriculum>.

For a Double Diploma there are 2 scenario's. You either already completed the "Educatieve minor" or you didn't: <https://educationguide.tue.nl/programs/graduate-school/masters-programs/science-education-and-communication/curriculum/educatieve-minor>.

These are the learning activities you will need to execute to get a Double Diploma:

### **1) Students who completed the "Educatieve minor"**

- Project 1 and project 2 from ID (35 ECTS)
- Core course (CDR) from ID (5 ECTS)
- Track course from ID (5 ECTS)
- Preparation FMP (20 ECTS)
- FMP ID (30 ECTS)
- 2 electives from ID Master (10 ECTS)
- 3 courses from SE Master (15 ECTS)
- packages 3 and 4 from SE Master (30 ECTS)

Total = 150 ECTS

### **2) Students who didn't complete the "Educatieve minor"**

- Project 1 and project 2 from ID (35 ECTS)
- Core course (CDR) from ID (5 ECTS)
- Track course from ID (5 ECTS)
- Preparation FMP (20 ECTS)
- FMP ID (30 ECTS)
- 2 electives from ID Master (10 ECTS)
- 3 courses from SE Master (15 ECTS)
- packages 1, 2, 3 and 4 from SE Master (60 ECTS)

Total = 180 ECTS

The Examination Committees of both programs need to approve the double diploma program. Please submit the webform, upload the proposal form double diploma Master and upload your motivation and planning in an EC ID request form. These documents can be found here:
