CALENDAR YEAR 2

Q1

4 sep	Start academic year
3-11 oct	Bouwkunde Bedrijvendagen
15 oct	Registration closing date for exams Q1 and courses Q2
t.b.a.	Kick-off Alumni coaching
30 oct-11 nov	Exams

Q2

t.b.a.	Alumni night
t.b.a.	Master Track Week
25 dec-5 jan	Christmas Holidays
7 jan	Registration closing date for exams Q2 and courses Q3
22 jan-3 feb	Exams
t.b.a.	Careers & Peers

Q3

12-16 feb	Carnival Holidays
27 feb	Graduate School Event
24 mar	Registration closing date for exams Q3 and courses Q4
29 mar	Good Friday
31 mar	Easter Monday
8-20 apr	Exams

Q4

t.b.a.	International exp. info pres.
27 apr	King's Day
5 may	Liberation Day
9-10 may	Ascension Day + bridge day
20 may	Whit Monday
9 jun	Registration closing date exams Q4
24 jun-6 jul	Exams

28 jul	Registration closing date interim exams
12-17 aug	Interim exams
25 aug	Registration closing date for courses Q1

*Time/location may vary depending on the situation at the time

COACHING AND ADVICE

As a TU/e student, you are responsible for your own study progress and we expect a pro-active attitude. Of course, we will help you when needed. Remember that AUBS provides **teacher coaches**. You can talk to the teacher coach in the specialization of your preference. With your teacher coach you can discuss career orientation, elective choices and coherent packages.

In case you have questions regarding the curriculum, your study progress, or if there are personal circumstances, please contact the **Education & Student Affairs Office**. An appointment with the **academic advisor** can be made online (educationguide. tue.nl/guidance-and-development/ who-to-contact/academic-advisor).

TO-DO LIST

☐ Make sure you have chosen your coherent (elective) package(s) and a USE-package.

☐ Plan your courses in the PlanApp! (osirisplanapp.tue.nl) Add your elective courses together with the basic and major courses from year 2 and year 3 to the PlanApp to verify that there is no overlap in timeslots. In case you have to retake courses from year 1, pay extra attention to the planning of your courses as timeslots might have changed! Tip: watch the PlanApp instruction video so you do it correctly.

☐ Create your personal timetable (via mytimetable.tue.nl/schedule).

☐ Register for courses and exams in OSIRIS (osiris.tue.nl).

☐ Consider purchasing Adobe Creative Cloud Student (surfspot.nl/software).

MORE INFORMATION

Education & Student
Affairs Office
(Built Environment)
Vertigo 2.12
esa.be@tue.nl

And check out these webpages:
- Education Guide AUBS for department-specific information on curriculum, regulations (PER!), and more (educationguide.tue.nl/bc/aubs)
- Education Guide (general) for more general topics (educationguide.tue.nl)
- OSIRIS for a complete course catalogue, your exam results and your study progress (osiris.tue.nl)
- CANVAS here you can find the study guide with the planning and assignments for your courses (canvas.tue.nl)
- Intranet for information about the department and facilities such as the student workshop* (intranet.tue.nl/BE)

We need your help to improve our education!
Please fill in our course evaluations and send suggestions for improvements and complaints to the Education Coordinator (education.coordinator.BE@ tue.nl). Complaints on exams can be sent to the Examination Committee (examination. committee.be@tue.nl).

* Authorization required follow safety instruction

2023-2024**

Architecture, Urbanism & Building Sciences | Year 2

DEPARTMENT OF THE BUILT ENVIRONMENT

TU/e

**EINDHOVEN
UNIVERSITY OF
TECHNOLOGY**

Everything you need to know about your second year AUBS

Welcome back! In the second year of AUBS you will continue at the TU/e Bachelor College by completing the last basic course Engineering Design, and by choosing a USE-trajectory. You will also continue with the major courses that teach you the fundamentals for the BAU-profiles.

B, A, OR U? START YOUR SPECIALIZATION

Last year, you became familiar with the three BAU-profiles. At the Check your Match event you found out which profile fits best to your interests and ambitions. This year you will do four projects within one of the BAU-profiles. The individual projects cover multiple subjects within the profile. E.g., A(UDE) studens have both architecture and urbanism projects; B(PSD) students have both building physics and structural design projects; U(SRE) students have projects involving both urban systems and real estate.

Besides the projects and the mandatory major courses, you will choose elective courses. During year 2 and 3 you can choose from 10 elective courses (four in this year). Within this space, you need at least 1 USE package and at least 1 coherent package from the built environment is recommended. You also need to obtain at least 5 Studium Generale USE points and 7 MyFuture Activity points. More information can be found on the educationguide.

COHERENT (ELECTIVE) PACKAGES AND USE

During year 2 and 3 you can choose from two coherent (elective) packages. The coherent packages that combine electives of various subjects make sure that you will achieve sufficient depth in preparation of your master program. You can find an overview of the coherent packages on the Education Guide (educationguide.tue.nl/bc/aubs)

On the Education Guide you can also find an overview of all USE-trajectories. During year 2 and 3 you must complete one USE-trajectory. The USE courses give a perspective on the role of (and implication for) users, society and enterprise in your design and ideas. Make sure to attend at least 5 Studium Generale activities with the USE-logo in the coming two years!

PROGRAM YEAR 2

Q1	Q2	Q3	Q4
4WBB0 Engineering Design	7PPX0 Dimensioning of Structures	7XWX0 Urbanism and Architecture in Context	7UUX0 ☆ Housing and Residential Real Estate
7***X0 ☆ Project 1 BPSD / AUDE / USRE	7***X0 ☆ Project 2 BPSD / AUDE / USRE	7***X0 ☆ Project 3 BPSD / AUDE / USRE	7***X0 ☆ Project 4 BPSD / AUDE / USRE
Elective / USE	Elective / USE	Elective / USE	Elective / USE

- ■ Basic course
- ■ Major course
- ■ Elective

Good to know:
- Like all courses, electives from coherent packages and USE-courses have their own timeslots. Plan your electives and USE-courses for year 2 and 3 in the PlanApp to make sure there is no overlap in timeslots (osirisplanapp.tue.nl).

CAREER ORIENTATION AND PROFESSIONAL SKILLS ☆

To help you make the best choices for you within the program, there will be several career orientation activities in the month of November. These activities will help you discover the career possibilities of the different BAU-profiles. One of these activities is the Alumni Night, where you can discuss your options with alumni of our department. Also important for your future career development are professional skills. This year too, there will be professional skills integrated in the Major courses. You need to pass the skill test to pass the 'hosting' course. The table below shows the skills of the second year.

Skill	Course
PRV Cooperation 2	7TT4X0 / 7OO4X0 / 7PP6X0
PRV Communication: Presenting 2	7TT6X0 / 7OO6X0 / 7PP4X0
PRV Reflection 2*	7CB2
PRV Planning and Organizing 1	7TT5X0 / 7OO5X0 / 7PP5X0
PRV Information Skills 2	7UUX0

*   For this skill we also ask you to fill in course evaluations that will be sent to you by email at the end of every quartile.

BUILD YOUR OWN FUTURE

Your development at our university starts with creating your own course program, but did you know there is a lot more to choose from? Invest in your future and explore the great offer of extra-curricular activities:

CHEOPS
Study association of the Built Environment

- CHEOPS and its sub-associations organize workshops, excursions, lectures and leisure activities. Join a committee to meet new people, learn new skills, and have fun! (cheops.cc)
- Broaden your horizon at Studium Generale: lectures, debates, concerts, theatre, movies and more! (studiumgenerale-eindhoven.nl)
- Find career related activities and workshops on MyFuture (myfuture.tue.nl)

International experience?
Did you know you can already prepare for an international experience in your master? Consult the handouts on the Education Guide for information about the possibilities and our partner universities. Contact the International Office (exchange.be@tue.nl) for additional information. Registration deadlines are:

- **Mar 1** for semester B, 2023-2024
- **Sep 1** for semester A, 2024-2025

Handy! Cut this folded page and use the calendar on the back side as a bookmark for your agenda.
