COACHING AND ADVICE

As a TU/e student, you are responsible for your own study progress and we expect a pro-active attitude. Of course, we will help you when needed. During the master you can discuss your personal study plan, career possibilities and elective choices with your **mentor**. For AUDE students, the tutor of your first master project will be your mentor. In case your project tutor is unavailable you can contact the **coordinator** of the unit AUDE: Maarten Willems (m.h.p.m.willems@tue.nl), or the academic advisor. An appointment with the **academic advisor**, for instance to discuss any personal circumstances, can be made online (educationguide.tue.nl/guidance-and-development/who-to-contact/academic-advisor). Should you have questions regarding the curriculum or your study progress, please contact the **Education & Student Affairs Office**.

TO-DO LIST

Start off well and check this list!

- Familiarize yourself with the ABP-CME course overview in the Education Guide to find out which electives, possibly belonging to other tracks, you would like to follow.
- Seek out possibilities for a study semester or internship abroad. Consult the handouts on the Education Guide. Contact the International Office (exchange.be@tue.nl) for additional information.
- Make your **personal study plan** (PSP). This plan is the basis for your master and consists of all your courses and projects, as well as your planning. Deliver the PSP digitally to the Examination Committee (examination.committee.be@tue.nl).

Architecture, Building and Planning | Track AUDE-A

(FOR THE DUTCH ARCHITECTS REGISTER)

DEPARTMENT OF THE BUILT ENVIRONMENT

TU/e
EINDHOVEN
UNIVERSITY OF
TECHNOLOGY

Welcome to the Graduate School!

This booklet contains everything you need to know about the register track AUDE for the Dutch Architects Register. Please refer to the separate booklets for details about the regular AUDE track or the register track for urbanists.

TRACK AUDE

The register track AUDE for Architects Registers of the master program ABP prepares you for a professional career in the field of architecture. This register track is designed specifically for students who want to become eligible for the Dutch Architects Register. The two-year track consists of multiple components for a total of 120 credits (ECTS). Because of the specific requirements of the Architects Register, a large part of the program is mandatory for all students (core):

Core courses	55 credits
Specialization electives	5 credits
Electives	15 credits
Graduation project	45 credits

See the next page for an overview of the program's contents, and check out the curriculum and AUDE semester brochure in the Education Guide (educationguide.tue.nl/gs/abp).

MASTER PROJECTS, SEMINARS & GRADUATION STUDIOS

Twice a year, we publish a brochure with master projects, seminars and graduation studios for the next semester. In this brochure, we give an overview of the themes and subjects that will be offered by the different research chairs of the unit AUDE:

Chair	Professor(s)
Architectural Design and Engineering	Juliette Bekkering
Architectural History and Theory	Jacob Voorthuis*
Urbanism and Urban Architecture	Pieter van Wesemael
Rational Architecture	
Smart Architectural Technologies	Masi Mohammadi
Transformational Architecture	

* Associate professor

Good to know:

- Check the Education Guide (educationguide.tue.nl/gs/abp) for the complete ABP-CME course overview, including all elective courses. In this schedule, you find the courses above marked in colors according to the regular AUDE track (see the colored dots above).
- In the space for elective courses, you may choose courses from other tracks, other programs, or even other universities.
- You can follow one of the certificate programs if you are interested in the subjects of Construction Technology, Building Design & Technology and/or Circular Design in the Built Environment (see Education Guide).
- Graduation projects start every quartile and normally take 4 quartiles to complete. More information about the graduation process is also available in the Education Guide.

BUILD YOUR OWN FUTURE

Invest in your future and explore the great offer of extra-curricular activities alongside your study program:

- The study associations of the Built Environment organize workshops, excursions, lectures and leisure activities. Join a committee to meet new people, learn new skills, and have fun! For AUDE students there is AnArchi (anarchi.cc)
- Broaden your horizon at Studium Generale: lectures, debates, concerts, theatre, movies and more! (studiumgenerale-eindhoven.nl)
- Find career related activities and workshops on MyFuture (myfuture.tue.nl)

International experience?

We recommend you to go abroad for a study semester or a 15 ECTS research internship. Consult the handouts on the Education Guide. Contact the International Office (exchange.be@tue.nl) for additional information. Registration deadlines are:

- Sep 1** for semester B, 2023-2024
- Mar 1** for semester A, 2024-2025

Internships

You can also do an internship in the Netherlands in the space for electives. Depending on the internship you can earn 5 ECTS (relevant work experience) or 15 ECTS (academic work experience).

Handy! Cut this folded page and use the calendar on the back side as a bookmark for your agenda.
