

PRELIMINARY STUDY PROGRAM FORM

MASTER PROGRAM

For students who started between September 2018 and September 2020

Name student (Surname, Name):	
TU/e email address:	
Student number TU/e:	
Date:	

At Industrial Design you will define your own study program. The study program consists of some mandatory components and various options to choose from. With this form you confirm your (preliminary) personal study program including the mandatory and optional components.

For all project and course codes mentioned on this form, you will need to register yourself via Osiris. You can find all study components in the Osiris Course Catalogue: <https://tue.osiris-student.nl/#/onderwijscatalogus/extern/start>

Deadlines for registration are mentioned in the year planning. To graduate, it is your own responsibility to fulfil all components of your master program. For more information on graduation, check the online Education Guide and the PER.

TRACK

Please indicate which Track you choose for your Master Program:	
---	--

EXPERTISE AREAS

As part of your Master Program, you will develop your unique profile, consisting of Design and Research Processes (DRP) and, two other expertise areas of choice. Please indicate which two expertise areas, next to DRP, you choose to develop to an expert level.

Please indicate your first chosen Expertise Area:	
Please indicate your second chosen Expertise Area:	

GRADUATION MENTOR

Please indicate your chosen Graduation Mentor. He/she will be your Mentor and project coach for your upcoming semesters.

Please note that a PhD's Candidate cannot be a Graduation Mentor.

- Your Graduation Mentor should be an expert in one of your selected expertise areas.
- Your chosen Graduation Mentor will need to agree to become your Graduation Mentor and sign this form.

Please select your chosen Graduation Mentor:	
In case you select the 'Other' field, write down their name:	

SQUAD

Please select the squad to which your chosen Graduation Mentor belongs:	
---	--

Note: When you register for your second project with code DPM120, you select the squad you indicate here and register for this squad. It does not necessarily mean that you need to work on the squad topic. This depends on your Graduation Mentor and your Professional Identity, Vision and development.

PROJECTS, COURSES AND ELECTIVES

The generation of students who started between September 2018 and September 2020 have to complete the following projects as part of the master program:

- DPM110 Design Project (20EC)
- DPM120 Design Research Project (20EC)
- DEM200 FMP Proposal (SC) (5 EC) or DFM200 FMP Proposal (FE) (5 EC) - depending on the research group of your Graduation Mentor being Systemic Change (SC) or Future Everyday (FE).
- M21 Option (15 EC) (Indicate your choice below)
- DEM220 Final Master Project (SC) (30 EC) or DFM220 Final Master Project (FE) (30 EC) - depending on the research group of your Graduation Mentor being Systemic Change (SC) or Future Everyday (FE).

M21 OPTION

Select your chosen M21 Option:	
Select the semester you intend to start the M21 Option:	
In case you intend to go on an Exchange, write down your top three of partner Universities :	
In case you intend to go abroad, and this might not be possible given the circumstances, select your second choice M21 Option:	

Notes:

- **An International Exchange requires a nomination procedure of more than six months. If you would like to go on an Exchange, send a copy of this Preliminary Study Program Form to exchange.id@tue.nl. Also discuss your plans and your top three of intended partner universities you would like to do an exchange at with your mentor.**
- *In case you want to go abroad, and you have registered for this M21 Option in Osiris, and going abroad is not possible given the circumstances, it is your own responsibility to contact CSA-ID via CSA.ID@tue.nl to change your registration in your second choice M21 Option (one week before the semester starts the latest). This is not done automatically.*
- *Doing one of the Abroad options DPM410, DPM420 or DPM430 gives an exemption of one elective. Register for DPM490 Elective International Experience to receive this exemption.*
- *In case you choose DPM440, and you planned to do courses (in total) worth more than 15 EC, you need approval from our Examination Committee. The courses of DPM430 for DPM440 will count in these 15 EC as well.*

ELECTIVES + TRACK COURSE

Your program includes the Core Course Constructive Design Research, a Track Course and a minimum of 4 Electives.

Please fill out your preferred courses below. Note that the offer of electives may vary per academic year.

In case you planned to do courses (in total) worth more than 15 EC outside of the Industrial Design Department, you need approval from our Examination Committee. *Note: the courses of DPM430 and DPM440 will count in these 15 EC as well.*

	Course Code + Name	Credits (EC)	In Year + Quartile, for example: 1920-GS1
	DCM100 Constructive Design Research	5	
1		5	
2		5	
3		5	
4		5	
	Course Code + Name	Credits (EC)	In Year + Quartile, for example: 1920-GS1
1		5	

SIGNATURES

Student	Chosen Graduation Mentor
Name:	Name:

Note: Also discuss the Declaration of Scientific Conduct with your mentor and add the signed form to this Preliminary Study Program Form.

Send this digitally signed .pdf form (no scan) to CSA.ID@tue.nl before the indicated deadline on the year planning.

Declaration concerning the TU/e Code of Scientific Conduct

I have read the TU/e Code of Scientific Conductⁱ.

In carrying out research, design and educational activities, I shall observe the five central values of scientific integrity, namely: trustworthiness, intellectual honesty, openness, independence and societal responsibility, as well as the norms and principles which follow from them.
