**Year 2**

**Free elective courses**

A) International semester (15-30 ECTS)

Yes:

No:

and/ or

B) Free elective courses (minimum 15 ECTS)

Course code	Course title	ECTS

- Free elective courses can be at TU/e or other Dutch universities.
- Credits in year 2 from A + B must be 30 ECTS.
- Language courses cannot be part of your Master's program. You can only add SFC640 Academic Writing as a free elective course to your Master's program.
- If applicable, homologation courses are free electives, but should be taken in year 1.
- If any of the courses listed above are being used to fulfill the technical domain requirement, please list the course code on page 2.

Proceed to the next page.

### Courses in a technical domain

A minimum of 10 ECTS of the electives/ free electives must be in a technical domain. These courses can be taken during the elective space in the first or second year or during your international semester. It can be either in the HTI domain (course not yet selected in the track) or an engineering course from another department.

Course code	

- Check the list of possible courses in a technical domain here: <https://educationguide.tue.nl/programs/graduate-school/masters-programs/human-technology-interaction/curriculum/engineering-courses>
- Courses from the list are approved by the Examination Committee.
- In case you want to take a course which is not listed, approval of the Examination Committee is required.
- It is allowed to take one or more of the technical courses abroad. Always check in time if the Examination Committee will approve the course(s) that you would like to take abroad.
