### C. Electives, Homologation and Engineering Courses

Free Choice

#### HTI-Core Psychology Package B1 (10 ects)

| Course Code | Course Title | ECTS |
|-------------|--------------|------|
|             |              |      |
|             |              |      |
|             | TOTAL:       |      |

#### HTI-Core Specialisation Electives B1+B2 (minimum 15 ects)

| Course Code | Course Title | ECTS |
|-------------|--------------|------|
|             |              |      |
|             |              |      |
|             |              |      |
|             |              |      |
|             |              |      |
|             |              |      |
|             | TOTAL:       |      |

C/D: Free Electives
HTI-Engineering courses (minimum 15 ects) and
International MSc Courses (minimum 15 ects, maximum 30 ects)

| Course Code | Course Title | International | Engineering | Free Elective | ECTS |
|-------------|--------------|---------------|-------------|---------------|------|
|             |              |               |             |               |      |
|             |              |               |             |               |      |
|             |              |               |             |               |      |
|             |              |               |             |               |      |
|             |              |               |             |               |      |
|             |              |               |             |               |      |
|             |              |               |             |               |      |
|             |              |               |             |               |      |
|             |              |               |             |               |      |
|             |              |               |             |               |      |

Note that an international course can only be accepted with official course descriptions from the foreign University.

- International courses should be at master's level.
- Explanation and a list of possible engineering courses are listed on the Digital Study guide
   https://educationguide.tue.nl/programs/graduate-school/masters-programs/human-technology-interaction/curriculum/engineering-courses/
- Note that a maximum of one language course of at least level C can be added as free elective to your Master's program.
- More Information about filling in this form you can find on the enclosed link
   <a href="https://studiegids.tue.nl/opleidingen/graduate-school/masters-programs/human-technology-interaction/curriculum/">https://studiegids.tue.nl/opleidingen/graduate-school/masters-programs/human-technology-interaction/curriculum/</a>
- Note that free electives do not require approval of the mentor.
- Note that the total of all elective courses summed up in the tables above should be at least 65 ECTS.
- International students fill in the deficiency courses as part of the international semester (mark them als deficiency in the 'international' column.
