

Research proposal Graduation Project Abroad

Brief research proposal

In case of a graduation abroad you can only start with the project phase after:

1. Substantive approval of this request by the examinations committee AT-SC-SET.
2. Approval on the start date of the project phase, which depends on the date on which you have met all necessary requirements mentioned in the PER appendix 1.a.5. For this you need to timely submit the form 'registration for graduation project phase' to CSA AT-SC-SET.

Student	Name:
	IDNR:
Company/Institute (abroad)	Name:
	City + Country:
Time period	Start date:
	End date:

Thesis supervisor name:

Signature Supervisor

▪ **Research definition** (max. 200 words)

Formulate the objective of the study

▪ **Relevance of the research** (max. 100 words)

▪ **Project planning**

Describe the timeline or send an image of the timeline as an attachment (in pdf format) together with this form.

▪ **Supervision**

During their stay outside the Eindhoven University of Technology, the quality and supervision needs to be ensured by the TU/e thesis supervisor and the examinations committee. The TU/ e thesis supervisor must be actively involved. That implies regular contact between the student, thesis supervisor and the supervisor-on-location.

Specify supervision plan including names and responsibilities:

Please send the signed form to ME.Examination.Committee.AT.SC.SET@tue.nl
