MedTech Day 2023

An integrated approach for
future-proof healthcare

Prof. dr. Lukas Dekker - Catharina Hospital Eindhoven

Prof.dr. Lukas Dekker is a cardiologist-electrophysiologist in the Catharina Hospital in Eindhoven. His clinical as well as scientific work focuses on prevention and treatment of atrial fibrillation and ventricular arrhythmias. Dekker is a professor at the faculties Electrical Engineering and Biomedical Engineering of the University of Technology in Eindhoven. An overarching theme in his work is value-based healthcare (VBHC). Dekker is co-founder and board member of the Eindhoven MedTech Innovation Center ([e/MTIC](#)) and of the Netherlands Heart Network ([NHN](#)).
