

Equipment Laboratory for Biomechanics

Equipment	Year
Scanco Medical vivaCT 40	2017
Scanco Medical μ CT 100	2017
MTS Criterion M42 testing machine (2x)	2014
MTS Acumen 3 testing machine	2014
Transonic flow sensors	2013
Passive beating heart Mock loop	2013
Optical Coherence Tomography	2012
Zwick/Roell LaserXtens/VideoXtens optical strain measurement system	2011
Zwick Z010 testing machine (2x)	2009
M5 High speed video camera	2008
Physiological model-controlled circulation simulator (Complete Mock loop)	2007
Dynamic single channel systemic circulation model (3x) (Mock loops)	2006
Thermostats	2005
Pressure sensors	2005
Transonic flow measurement equipment	2002
Phantom V 9.0 High speed video camera	1998
MTS mini Bionix dynamic tensile/torsion testing machine	1999
Radi pressure measurement equipment	1999
Bridge amplifiers, oscilloscopes etc.	1985+
