Floor 0

Books subject areas

- R**
 Architectural sciences
 Civil engineering
 Construction management
 Architectural design
- S**
 Spatial planning
 Urban design
 Traffic
 Transportation
- T**
 Geography

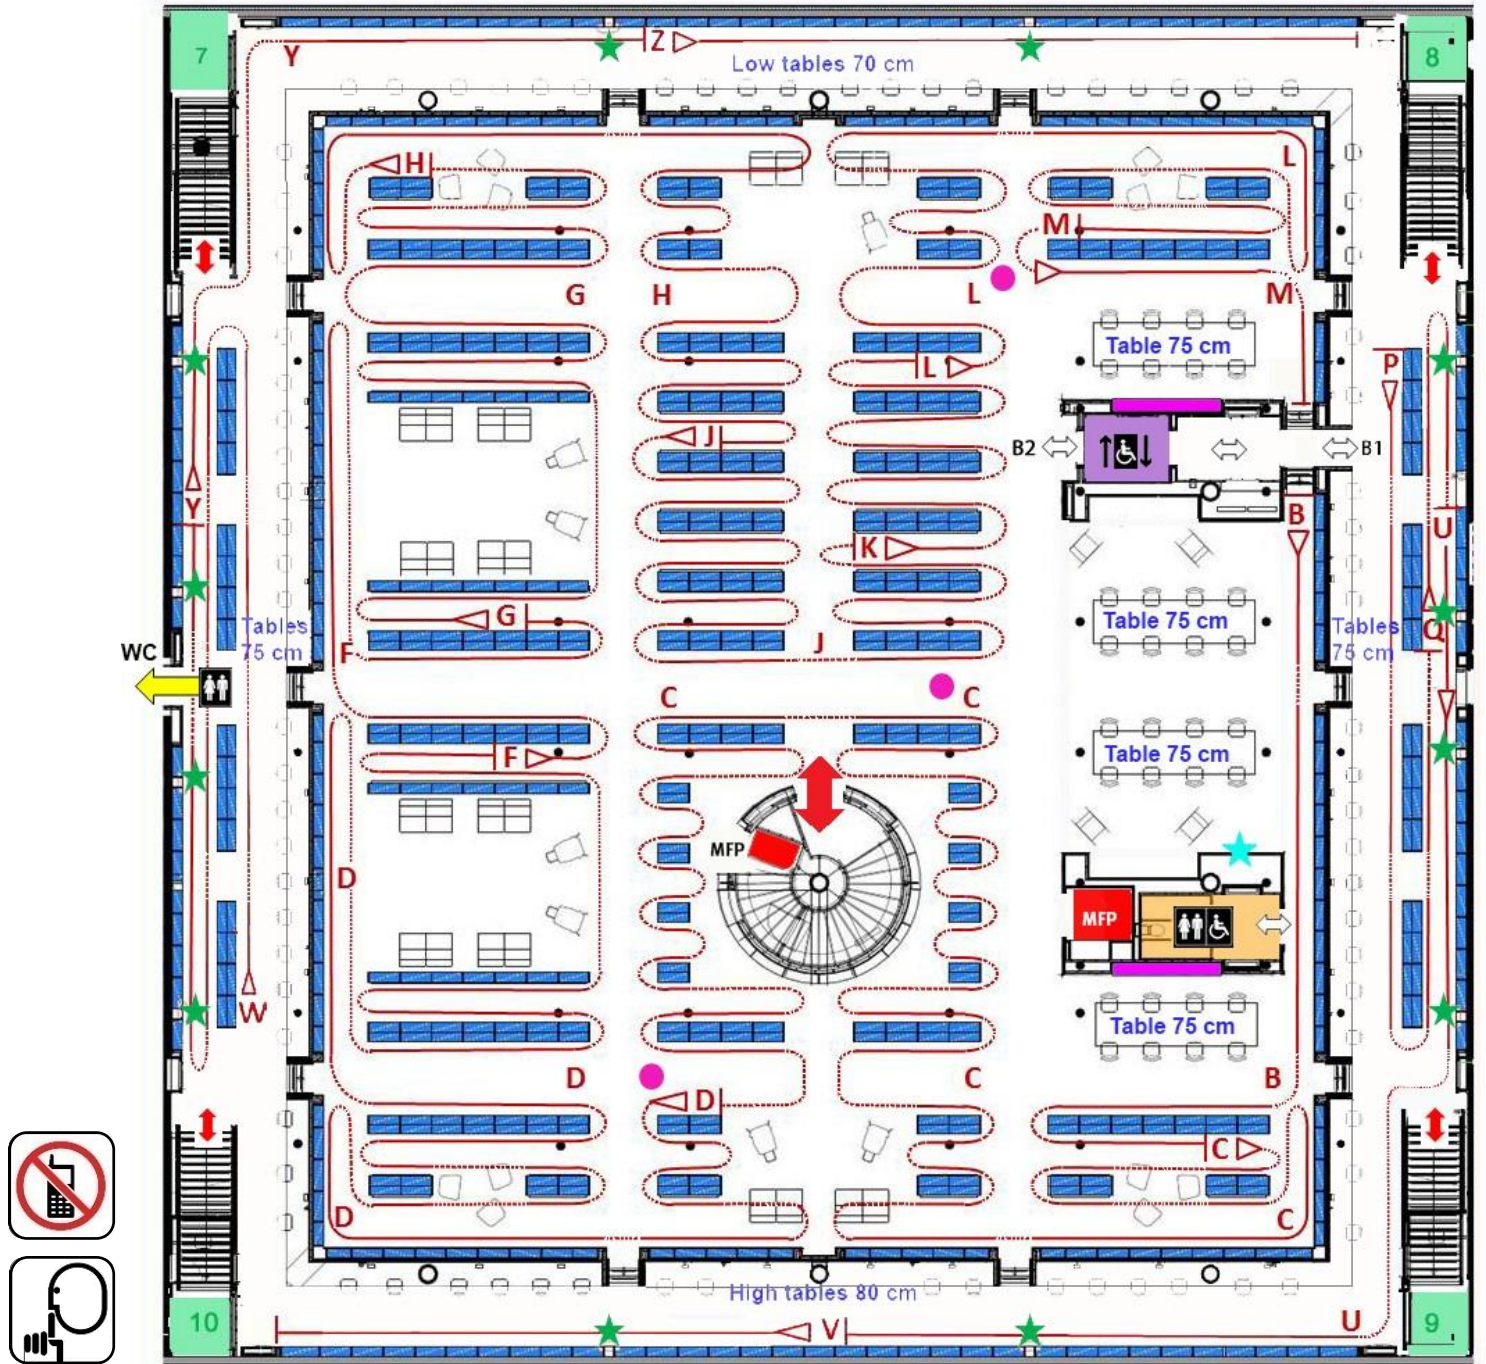

- entrance/exit
- library collection
- MFP (copying, printing, scanning)
- LibrarySearch (tablet)
- toilets
- toilet for the disabled
- elevator for the disabled
- 1 and 8 person study cabins
- 2 reference PCs for visitors
- Library Instruction Room MF10
- list of books subject areas
- coffee/tea machine

TU/e Library floor plan

- Floor -1 **SILENCE ZONE**: Books subject areas B - Q and U – Z.

Floor -1 B1 outer section
B2 inner section

- B Religion. Philosophy. Science (general). Technology (general)
- C Mathematics
- D Computer science. Systems theory. Control engineering. Measurement science
- F Mechanics. Heat transfer. Fluid mechanics
- G Physics. Nuclear engineering
- H Materials science. Solid state sciences. Semiconductors. Nanostructured materials. Polymer science
- J Chemistry. Chemical engineering
- K Mechanical engineering
- L Electrical engineering
- M Astronomy. Meteorology. Earth sciences
- P Biomedical sciences. Perception. Ergonomics. Public health. Biomedical engineering
- Q Biology. Agriculture. Ecology. Environmental science. Energy. Risk and safety
- U Behavioural sciences. Social sciences. Education
- V Law. Politics. Economics
- W Industrial engineering. Management science
- Y Library science. Publishing. Communication sciences. Linguistics. Literature
- Z Industrial design. Arts. Sports. Recreation

- ↔ entrance / exit
- library collection
- theses before 2014
