June 2019 | Second edition

WELCOME TO OUR UNIVERSITY!

TU/e
EINDHOVEN
UNIVERSITY OF
TECHNOLOGY

At TU/e we have a flourishing and vibrant community of staff and students from the Netherlands and abroad. Feelings of trust and shared ambitions give us a sense of connection. It is an open, robust, informal and caring community in which we create an atmosphere that enables us to excel. Everybody is welcome, regardless of gender, sexual orientation, religion, age or cultural background.

We are at a unique place in the world. The TU/e and Brainport form a physical, and above all a human and cultural, innovation eco-system that other regions envy. We are a real magnet for knowledge, talent and new businesses. Finding your way around may not always be easy. We therefore provide you with an overview of where to find the most important meeting places, tips for activities and - more importantly - the people to contact when help is needed. I believe that together in partnership we can achieve the unimaginable. That is why I encourage you to become an active member of our community. Welcome to the TU/e!

Robert-Jan Smits | Chair of the Executive Board

WHERE PEOPLE MATTER

Eindhoven University of Technology (TU/e) is a research-driven university of international standing where excellent research and a first-rate education go hand-in-hand. In the areas of engineering science and technology, we focus on a balanced approach to education, research and valorization of knowledge.

Our lively university campus, situated in the heart of the high-tech Brainport region and equipped with high-quality lab facilities, is a hub for tackling scientific and societal issues at home and abroad. We pride ourselves on our tightknit, small-scale community consisting of more than 80 nationalities, where our goal is to make everyone feel

welcome and where the well-being of students and staff are paramount. Our university strives to make connections between students, scientists and entrepreneurs because we believe innovation starts with people, not with technology. In short, we believe that TU/e is the university Where Innovation Starts.

MetaForum Heart: the beating heart of the campus

Once a campus workplace (W-hal), now transformed into the new MetaForum building with the latest educational facilities. The building is home to the new university library and the student services desk, and offers working accommodation for more than 900 students. MetaForum has become an indispensable hub on our campus - the central hall provides space for work and leisure, and serves as a meeting place for the TU/e community. Above the hall, a five-story building houses the Department of Mathematics and Computer Science. You will find a cash machine and an OV-chipcard charger in the MetaForum building, first floor, near the reception desk.
Opening hours
Monday-Friday 08.00 - 23.00,
Saturday and Sunday 10.00 - 22.00.
For further information about the TU/e library service, please visit www.tue.nl/library.

Matrix Innovation Space

TU/e Innovation Space connects motivated students, staff and industry in interdisciplinary hands-on education, engineering design and entrepreneurship.
tue.nl/innovationspace

Movies and food in De Zwarte Doos

Streetfood and art-house movies can be found in café De Zwarte Doos, the place for students and staff as well as visitors from outside TU/e to meet on campus. www.dezwartedoos.nl

Luna and Flux: Supermarket

For an on-the-go breakfast, lunch or dinner or the ingredients for your favorite recipe, employees and guests can visit one of two Spar supermarkets. Both shops offer a variety of fresh food and drinks ready for use or to prepare at home.
■ Spar building Flux
tel. +31 (0)40 2180036
Monday - Friday 08.00 - 20.00
■ Spar building Luna
tel. +31 (0)40 8200584
Monday - Saturday 08.00 - 21.00 and Sunday 16.00 - 21.00

Luna: Hubble

Student run Hubble Community Café is a lively cultural hotspot on campus, open seven days a week. Food & beverages for friendly prices in an informal setting. www.hubble.cafe

Groene Loper/Green strip

'De groene loper', our car-free green strip, connects the buildings by means of an open park. The elevated walkways between our building, designed in the 1950s, keep you warm and dry during colder months.

Sports Centre

The Student Sports Centre Eindhoven (SSC) has more than 11,000 members. TU/e and Fontys students and employees enjoy healthy recreation thanks to this extensive and complete sports program in Eindhoven! tue.nl/ssce

Laplace square: Bicycle repairs

Hermansfietsen (Herman's bikes) will repair your ijzeren ros (or steel horse - your Dutch lesson for today) during their visits to our campus. Please make an appointment through their website hermansfietsen.nl or by sending a Whatsapp message to 06-11922989 with the following information: name, telephone number, e-mail address, preferred day for the repairs, type of bicycle and the repairs you need. You will find the bicycle repairman at P4 in front of the Traverse building, Monday, Tuesday, Thursday and Friday between 12.00 - 13.00.

Atlas, an icon of a sustainable university

Our newest addition and the most sustainable educational building in the world. Of course it has a VITAM canteen with many options for a healthy lunch or dinner. Fancy something fancy? The University Club is our in-house restaurant in Atlas, where everyone is welcome for lunch, dinner or drinks. universityclub@tue.nl

From 'the road home' to main route

The TU/e campus is located close to the center of Eindhoven and is just a five-minute walk from the railway station. The hilly Limbopad forms a part of the link between the station and the green campus. 'Limbo' is a popular nickname for someone from Limburg - the southernmost province of the Netherlands - and this path's name refers to the large number of students from Limburg who travel to and from the university by train. By walking this route they created the original, unofficial version of this 'road home' path.

Luna: Childcare center De Tuimelaar

Your little ones can be well taken care of in a modern, clean and nurturing space right here on campus. De Tuimelaar (it means 'tumbler') can accommodate a maximum of 50 children a day and is open from 7.30 to 18.30. Extended opening hours are available via consultation. Would you like a tour to see if it's right for your family?
Please call for an appointment +31 (0)40 - 2471234. www.korein.nl

Luna: Hairdresser

Fancy a new 'do? Our hair salon (the Knipsalon) is on the first floor of the Luna building. Tel. +31 (0)40-2472115. Opening hours: Monday, Thursday and Friday from 08.30 to 18.00.

Additions? Suggestions? Tips? Remarks?
e.de.jong@tue.nl

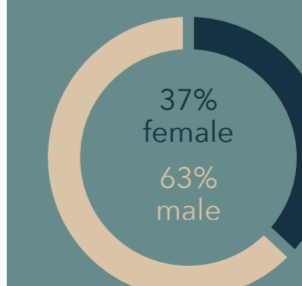

Please feel welcome to join one of our Intro Days, together with your partner. Personnel & Organisation (DPO) offers this day to provide useful information about the TU/e, Eindhoven and the Netherlands. The Intro Day is a helpful opportunity to get to know other new colleagues at the TU/e so you can immediately expand your network. Our ultimate goal is to help you feel at home at the TU/e - a place where people matter.

Sign up now* intranet.tue.nl/intro

* To register your partner, please send an e-mail to DPO-introductie@tue.nl

Strong technology heritage in Eindhoven

The TU/e campus covers an area of 75 hectares

Top-ranking Dutch university at the heart of the Brainport Region

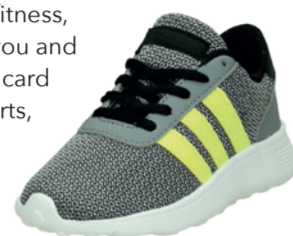

WHAT IS HAPPENING ON CAMPUS?

Stodium Generale

Stodium Generale's goal is to promote the social, intellectual and cultural interests of students and staff. SG organizes lectures, discussions, concerts, exhibitions, excursions, theater performances, movie nights and workshops which are often open for staff, too. SG also has the task of strengthening the cultural role of the university in the city and the region, and of supporting and promoting student amateur art. tue.nl/sg

Sports Center

The TU/e Sports Center has a lot to offer sports enthusiasts in both indoor and outdoor activities, such as tennis courts, a hockey field, and athletic field. You can also join individual training programs or group exercises like fitness, spinning and Zumba. Our experienced trainers will motivate you and give you guidance in all activities. To join, you can buy a sport card for only 110,- (prices subject to annual change). For some sports, you may need to become a member. tue.nl/ssce

Wim Koch:

"Student Sports Center Eindhoven is open to students and staff, we have 70 sports to keep the campus lively!"

Colleagues United & the 'Tienkamp' (Decathlon)

Once a year, the TU/e Colleagues United (CU) organizes a 'Tienkamp' or Decathlon. All employees can register a team for free for this event. It's a great way to be physically active and connect with others out in the fresh air. And after the competition, a barbecue with drinks complete the day. CU organizes many other activities for staff as well. cutue.nl

De Zwarte Doos and art-house movies

De Zwarte Doos is a beautiful and always pleasant location for breakfast, lunch, dinner and drinks. On the menu you'll find (healthy) comfort food from all over the world. In association with Natlab (a local movie theater), Stodium Generale shows a weekly film program of quality and art-house movies every Monday, Tuesday and Wednesday at 8.00 p.m. www.dezwartedoos.nl

Find all our communities at tue.nl/community

University Club

University Club is our new restaurant located in the new Atlas building on the 1st floor, where you can relax and meet in an informal atmosphere. A stylish but accessible place, with a menu full of classic dishes with a twist. Their absolute eye-catcher is a monthly menu, a special selection of dishes with lots of vegetables and mainly organic ingredients from around Eindhoven. www.universityclub.nl

Lucas Asselbergs:

"Stodium Generale is your weekly brain and soul food to enlarge your scope beyond engineering boundaries, offering you a variety of lectures, discussions, movies, music, theater, exhibitions and workshops."

Canteens

Caterer VITAM provides good, healthy and fresh food at seven campus locations. In the Atlas building you can get vegetarian food at Harry Covert and street food from our Local Legends. Grilled sandwiches are served at Grilzz and healthy to go food at both Deli locations. Kickstart your day with barista coffee at Deli, Grilzz or both Bakery Cafés. You can find the canteens in Auditorium, Atlas, MetaForum, Gemini, Flux, Helix and Vertigo.

All supermarkets and canteens only accept debit card payments

Luna & Hubble = students & culture!

Luna is a cultural center, with students housing on top! Student associations focusing on dance, music, theater and other cultures occupy the building in the evenings and the weekends. Luna includes the Hubble Café. Run by, with and for students and staff. Open seven days a week from 11:00 AM till 2:00 AM, Hubble is the place to eat, drink, meet, relax and party. Expect open mic nights, graduation parties, scientific parties and concerts: Hubble is open for all! hubblecafe.nl

Vitality

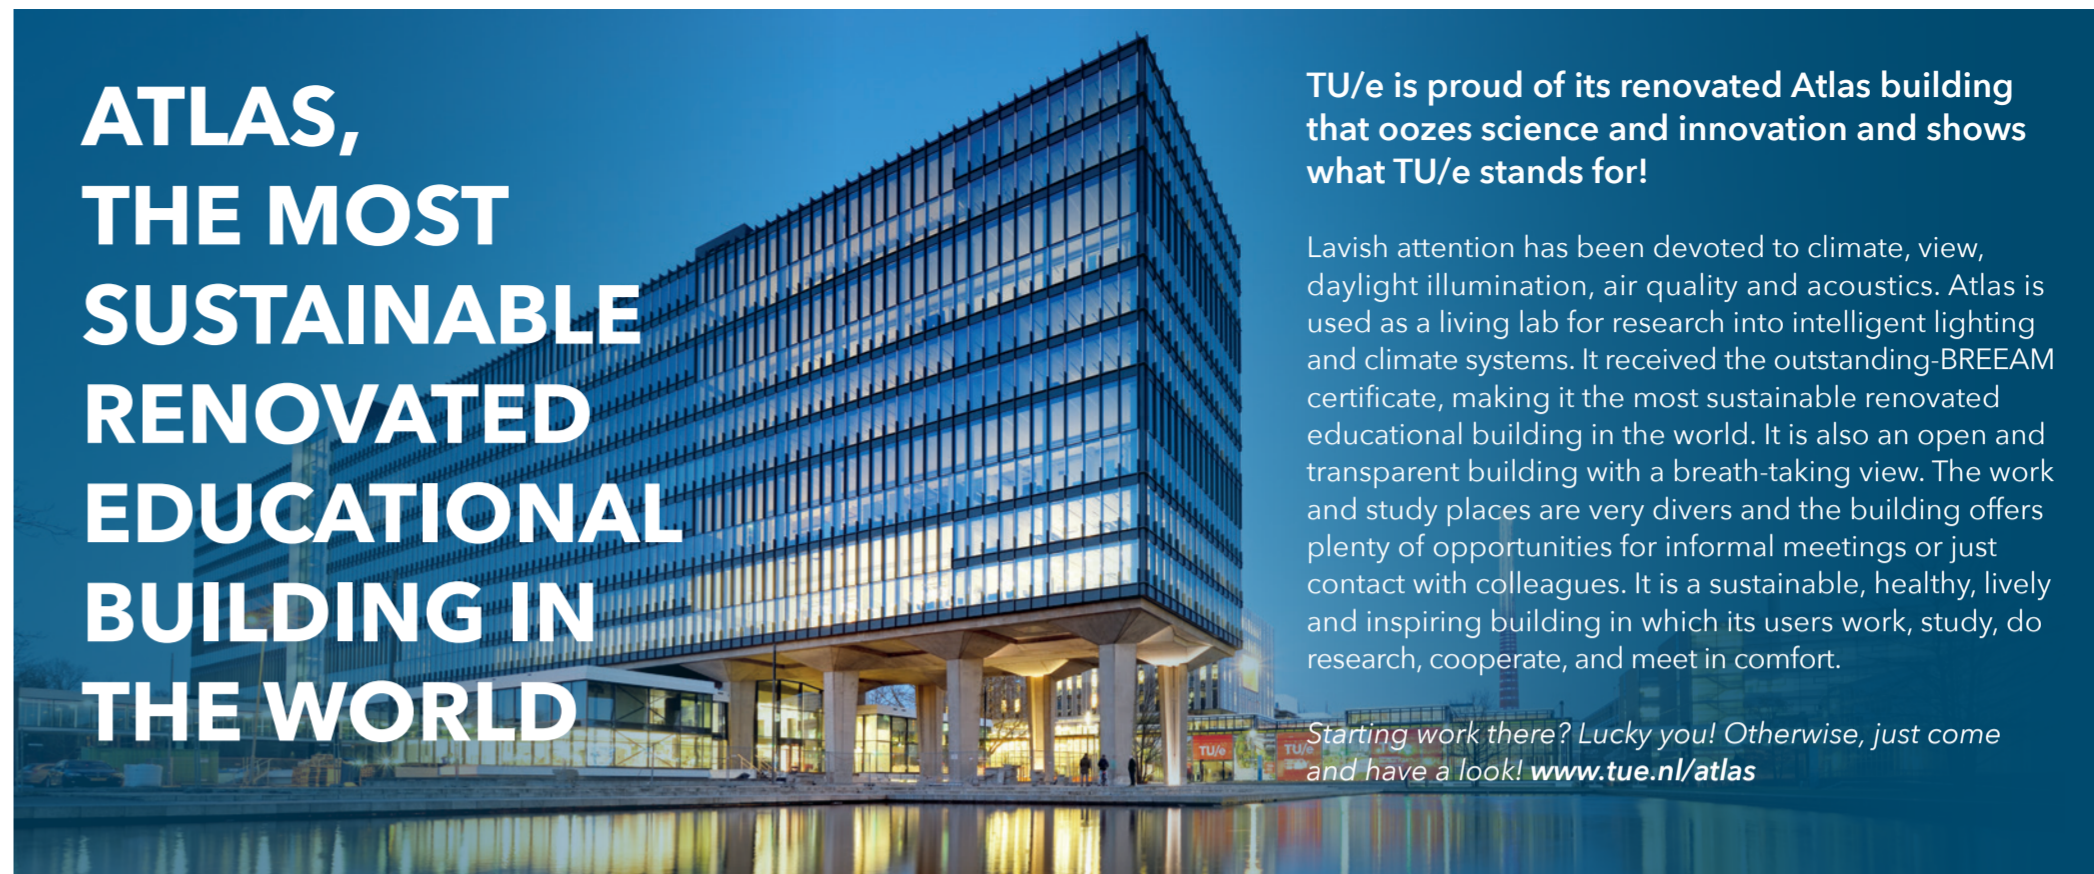

We care about your well-being. That is why TU/e wants to become the most vital campus in the world! With a team of employees, researchers and students we are working on short- and long-term issues. What about a smoke-free campus, more healthy food, mental support and the physical environment? Or how about the TU/e Work Walk? A bookable 30-minute walk across the Campus. Help us in our ambitions through tue.nl/vitality

(International) Common Room

Our Common Room is where international and Dutch staff and students can meet for a drink, a chat or study together. The Common Room can also be reserved for international events. This 'living room' is located in MetaForum with a direct connection to the open covered 'Forum'. Our international association - COSMOS - runs the place. tue.nl/universiteit/over-de-universiteit/faciliteiten/common-room

ATLAS, THE MOST SUSTAINABLE RENOVATED EDUCATIONAL BUILDING IN THE WORLD

TU/e is proud of its renovated Atlas building that oozes science and innovation and shows what TU/e stands for!

Lavish attention has been devoted to climate, view, daylight illumination, air quality and acoustics. Atlas is used as a living lab for research into intelligent lighting and climate systems. It received the outstanding-BREEM certificate, making it the most sustainable renovated educational building in the world. It is also an open and transparent building with a breath-taking view. The work and study places are very divers and the building offers plenty of opportunities for informal meetings or just contact with colleagues. It is a sustainable, healthy, lively and inspiring building in which its users work, study, do research, cooperate, and meet in comfort.

Starting work there? Lucky you! Otherwise, just come and have a look! www.tue.nl/atlas

WE'RE HERE FOR YOU!

ICT support? Information Management and Services (IMS)

This is the place for personal support and information regarding IT services (account, e-mail address, notebooks, pcs, etc.). As soon as you are registered in our HR system, your account and mailbox will automatically be created and the account details along with some useful information regarding your account will be sent to your private e-mail address. Your account will be enabled on your first working day and disabled after your last working day. The IMS services is located in the MetaForum Building, 1st floor and is available from Monday to Friday between 8.30 and 17.00. You can also contact the IMS services by phone (040 247 2000) or by e-mail (ictservices@tue.nl)

Need a Campus card? Contact Internal Affairs (DIZ)

Internal Affairs is responsible for various needs, including your campus card. After submitting a passport photo, your campus card can be made. Once the campus card is ready, you will be informed through your private e-mail address. If you have any questions regarding your campus card please contact Parking & Security Desk, Atlas, reception desk, ground floor, by phone +31 (0)40 247 3054 or by e-mail parking@tue.nl

Community & Diversity

In our TU/e community of students and staff, we strive for diversity. A strong and welcoming community promotes inclusiveness, equality and cooperation. Diversity of nationality, gender, sexual orientation, social background and cultural heritage adds to our success and pleasure in education and research. That's why TU/e appointed Evangelia Demerouti as our Chief Diversity Officer (she's a Professor of Human Performance Management) and Erik de Jong as our Community Manager. They're working together to create a more pleasant academic and professional climate at TU/e. More information: <https://www.tue.nl/en/our-university/community/diversity-and-inclusion/> Ideas and suggestions are always welcome and can be directed to Erik de Jong at e.de.jong@tue.nl

What to do in case of an emergency?

If an accident or an emergency occurs in a TU/e building, please call (040-247) 2222. This is our alarm number for the Department of Safety & Security. Depending on the type of emergency, they will alert emergency services and security.

In case of emergency (040 247) 2222

ANNUAL EVENTS

With such an active community, you might not be surprised that TU/e hosts many concerts, lectures, conferences, receptions, festivals, debates, performances, and more.

Here is a brief overview of some of our annual events:

- AUGUST:** The introduction period (Freshners' Week) and Master kick-off cannot be missed. Over 2.000 freshmen in colorful T-shirts turn the campus into a real festival ground.
- SEPTEMBER:** During the festive MomenTUM event we bring our academic ceremonies together. MomenTUM encompasses the anniversary of the university (Dies Natalis), the presentation of the honorary doctorate, the honoring of the best students and teachers of each year and the Bachelor's degree diploma ceremonies.
- DECEMBER:** End the year in winter style at the TU/e Christmas Market. It is the place to meet your colleagues and fellow students for food, drinks and ice-skating!
- FEBRUARY:** We're sorry, but it is PhD/PDEng only at this get-to-know-each-other dinner and party (with spinning PhDJ's) at the Effenaar!
- MARCH:** Present your home-culture to the full community at Connect with my Culture in Atlas in early spring.
- MAY:** Compete for first place at the annual sports day / decathlon for staff.

There is so much more!
For all events, check tue.nl/calendar

TU/E NOT ONLY IN EINDHOVEN... MEET JADS!

The Jheronimus Academy of Data Science (JADS) is a unique concept in the Netherlands. At three different locations (Eindhoven, Tilburg and 's-Hertogenbosch), Data Science can be studied, researched and applied through Bachelor's and Master's programs, PDEng education, Data Science Centers and incorporated into existing data ecosystems. Eindhoven University of Technology is a founding partner of JADS together with the Province of North Brabant, the Municipality of 's-Hertogenbosch and Tilburg University. Experts from Eindhoven and Tilburg meet up at the Mariënborg campus in 's-Hertogenbosch to get the best of both worlds: data science approached from every angle (technical, legal, entrepreneurial etc.) to create a data science ecosystem in Brabant. That is why we say: we are data science.

Check out jads.nl for more information.
